Intro KIT - Peter Hessels

Adamnet – shared Catalogue

My institution - KIT

The Royal Tropical Institute (KIT) in Amsterdam is an independent centre of knowledge and expertise in the areas of international and intercultural cooperation.

History

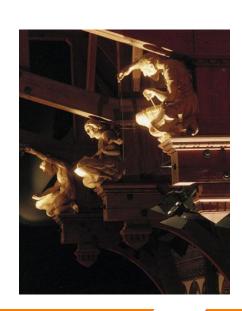

Founded in 1910 as the Colonial Institute
by Dutch government and Dutch colonial companies
with the objective to study and promote

- agriculture and industry in the colonies
- trade with the colonies
- public health in the colonies
- indigenous culture of the colonies

History

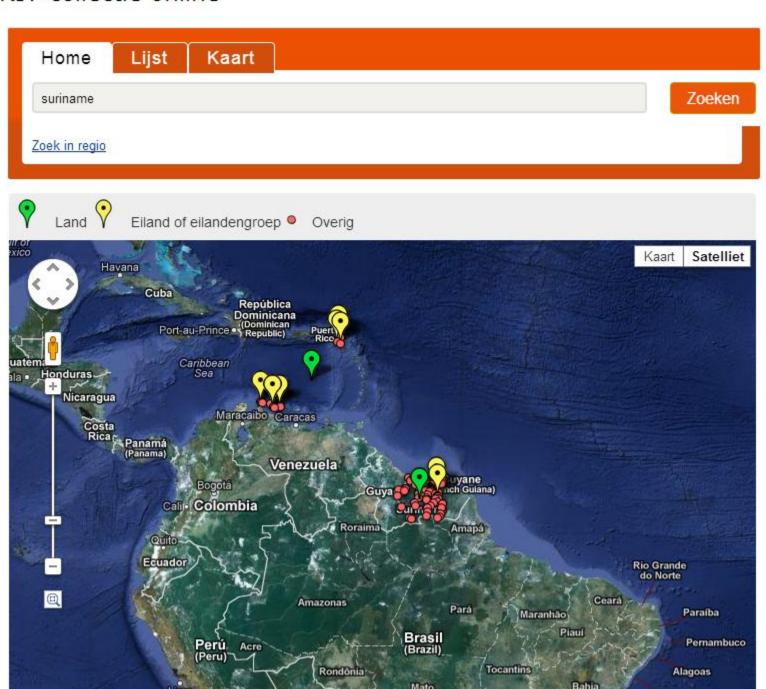

- Changed its name to the Royal Tropical Institute in 1950, after Indonesia gained independence.
- Since 1950s focuses on international development cooperation.
- Change of focus reflected in library collection

Library

- 380.000 books,
- 4000 serials,
- 50.000 articles
- In print and electronically
- 10 km shelves

KIT Knowledge Transfer - Contact

KIT Information Portals

Free access to selected full-text documents, e-newsletters, e-journals, news and events, and other Internet resources.

Culture for Development

Culture, with its many definitions plays an important role in international development. This portal focuses on the role of museums and theatre in this context.

Gender, Citizenship and Governance

The focus is on women's political participation & representation, women's rights, institutional mainstreaming, and decentralization & local governance.

Gender Equity in Certified Chains

This portal includes resources related to gender, standards and certified value chains, primarily in the agricultural sector.

Health and Poverty

This portal contains information on health (system) policies and practices to improve equity in the health sector and contribute to poverty reduction in low- and middle-income countries.

Shared catalogue

- Collections of Amsterdam as a virtual library
- Shared catologue was most important product to the audience
- Hosted by one of the Adamnet participants
 - University of Amsterdam

Reason to change

- Software change at hosting organisation (UvA) and web hosting
- Marketing research: service to the audience
- Joint promotion of collections
- Connection to the the agenda of Amsterdam municipality

Software change - options

- Federated search
- Shared catalogue
- Use existing infrastructure

Outcome: OCLC worldcat

Software change - challenges

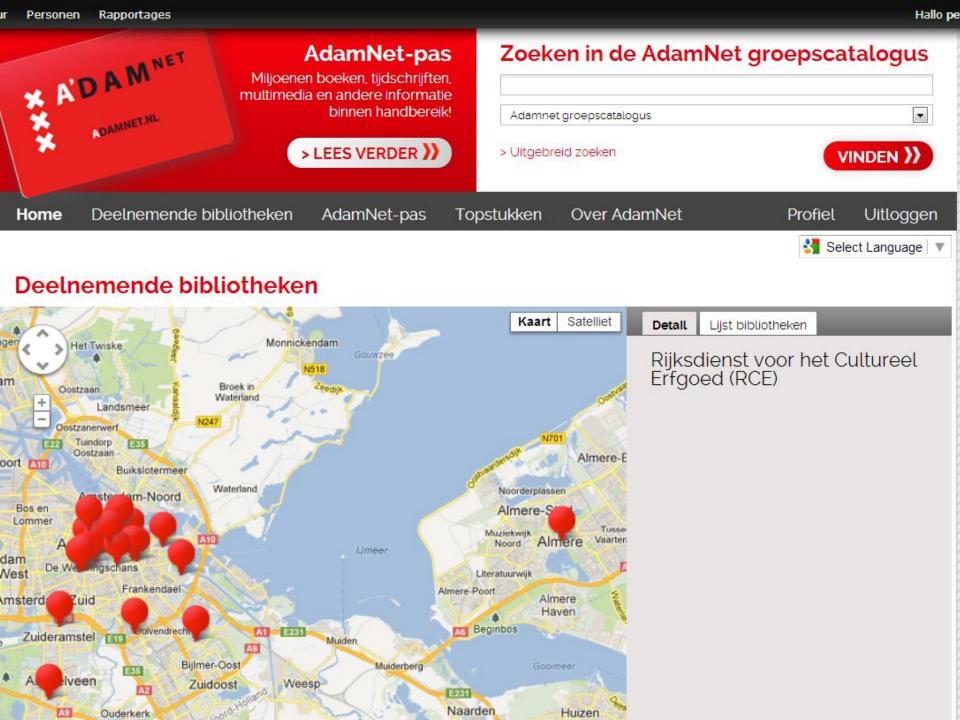

- Not all participants have the knowledge or software for conversion
- Smooth cooperation with OCLC
- Cost per participant -> financial support
 Adamnet
- "B-titles"
- Integration with own catalogue system

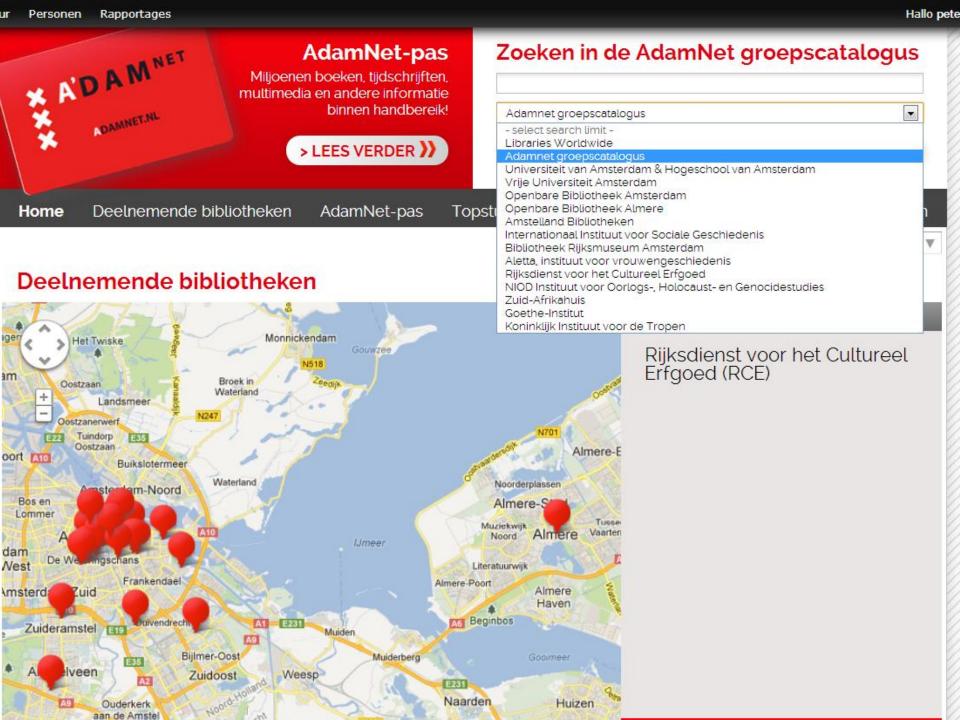

Software change - challenges

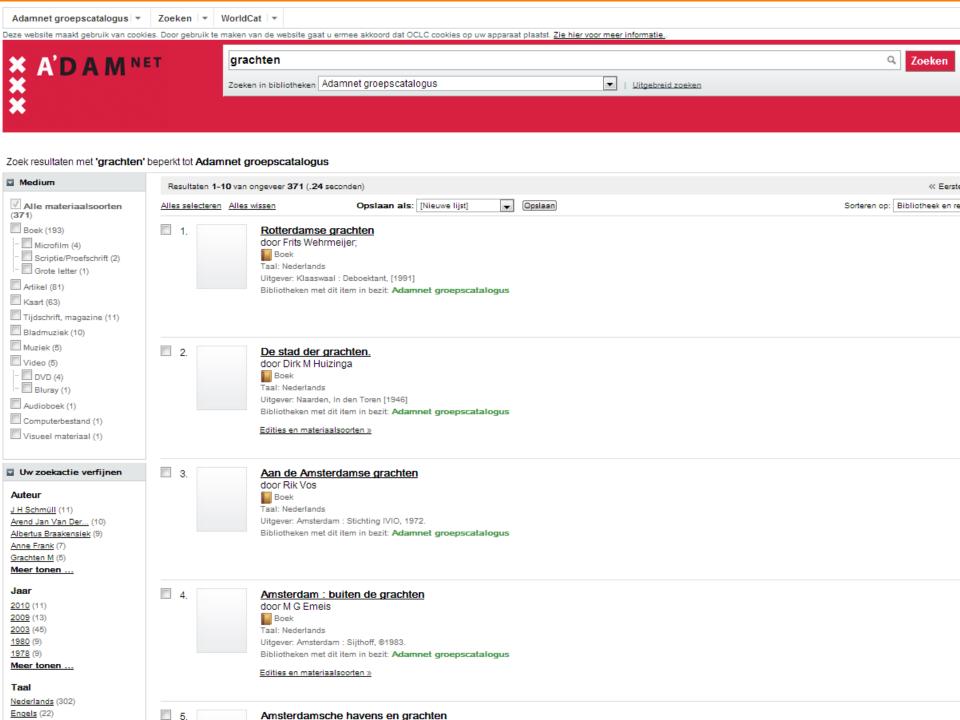

Options: Upload only,

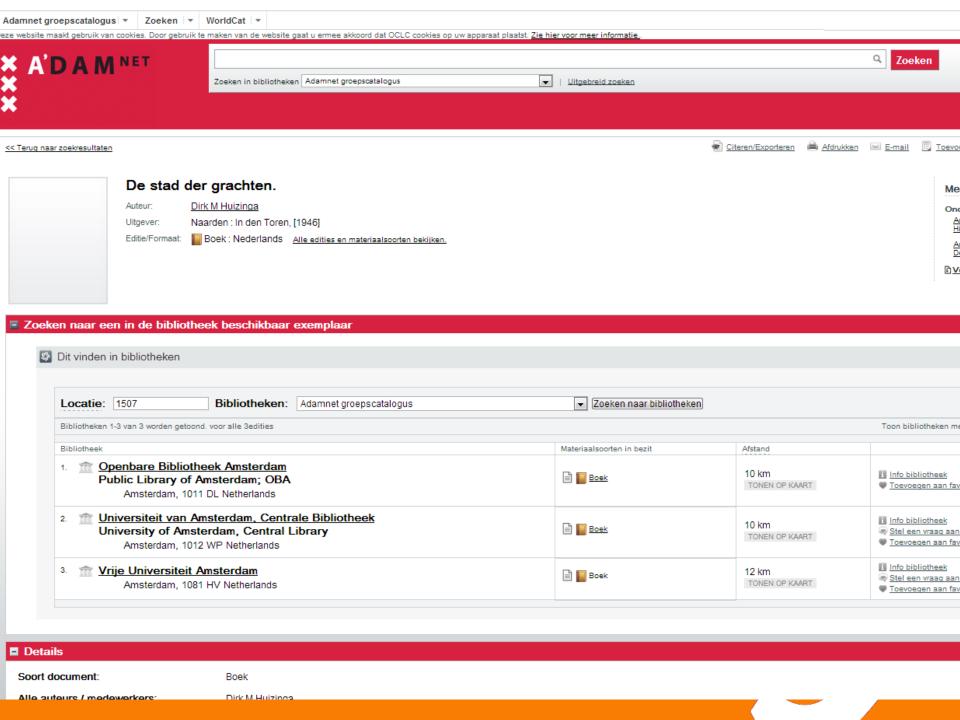

Website

- Updated design
- Multilingual using google Translate
- Shared content maintenance each library is in control of own content
- Advantages of membership more clear
